Stay in the know at the Dutchess County Fair

August 11, 2016 – With so many great exhibits, events and contest possibilities at the Fair, what better way to stay in the loop than by logging onto the Dutchess County Fair website. The website offers everything fairgoers need to know about the summer’s biggest Hudson Valley event. Guests can buy admission and concert tickets or find out about the free entertainment and stage shows.

To get the Dutchess County Fair information and updates right at your fingertips, our free mobile app is now available. Fairgoers using smartphones can visit the App Store, Google Play or Dutchessfair.com to download the app and surf the app with ease. You can even get a heads up when a calf is being born in the Dairy Birthing Tent through push messages when you sign up for the app. Exciting features of the app include purchasing tickets, quick access to general fair information and more!
