DUTCHESS COUNTY FAIR REMAINS ATTENTIVE ON RIDE INSPECTIONS AND SAFETY

Rhinebeck, NY – The Dutchess County Fair continues to enjoy a long record of ride safety and will once again be diligent on fairgoers safety at this year’s Fair.

“The NYS Department of Labor oversees all amusement rides and inspects all fair rides before the opening of the Fair. The safety of our fair patrons always has been and remains one of our priorities. We will continue to take every step necessary to ensure the wellbeing of our visitors. Safety is something we take very seriously” said General Manager, Andy Imperati.

Bag Checks will be mandatory at all gates during the Fair. “It’s unfortunate that we have to do this but in light of the way things are in the world today, it needs to be done. The safety not only of our fairgoers but everyone on the grounds is our priority,” said Ken Davidson, Emergency Management Supervisor.
